

SUMMER VOLLEYBALL CAMPS

Join the Philadelphia Volleyball Academy (PVA)
this Summer *at* BucksMont Indoor Sports Center!

Campers will receive special instruction from the PVA coaching staff to help improve their individual skills and team play for the upcoming season! Each camp will offer something different to players of multiple levels.

All volleyball camps will be run on BucksMont ISC's Taraflex® multi-sport surface and air conditioned facility. Taraflex® offers outstanding shock absorption for player protection. Campers will also be able to escape the brutal heat this summer and learn the game at BucksMont's air-conditioned facility.
